

Pre-Saturated Stencil Clean Wipes

Specification Sheet

Description

QTEK's Stencil Clean Wipes are pre-saturated wipes that have been specifically designed to remove stencil contaminants including solder pastes, fluxes, UV curable inks, adhesives and thick films found in electronic assembly manufacturing. Designed to achieve high performance cleaning that is 100% safe, fast drying and odor free. This stencil cleaning formula is an excellent degreaser and removes contaminants cleanly without staining the surface of the stencil.

Application

- Typically used for stencils, misprinted PCBs, spatulas and printer interiors
- Highly effective cleaning properties, particularly on solder paste residue

Features

- Perforated roll of 100 wipes
- Specially formulated stencil cleaning fluid
- Low linting and high quality wiper material
- Evaporates quickly to leave surfaces clean and dry
- Environmental & cost friendly refill packs available

Specifications

- 100% polyester wipe
- Weight: 58gsm
- Thickness: 0.279mm/11 mils

Quality Assurance

- Manufacturing process is in compliance with ISO 9001 quality systems

Test Methods

- IEST-RP-CC004.3

Part No.	Description	Unit
QTEK3210	Pre-Saturated Stencil Clean Wipes	100 wipes / Tub
QTEK3211	Pre-Saturated Stencil Clean Wipes	100 wipes / Refill Pack
