

# TECHNICAL DATA SHEET

## Specification:

|                         |                                                                                                   |
|-------------------------|---------------------------------------------------------------------------------------------------|
| <b>Resistor:</b>        | 1 MOhm                                                                                            |
| <b>Color:</b>           | Black / White                                                                                     |
| <b>Ribbon:</b>          | 55 cm long nylon/ polyester grounding band with 8 conductive strands                              |
| <b>Rubber grounder:</b> | 38 mm width, three layer laminated, rubber sole. Outer conductive black rubber layer $< 10^2$ Ohm |

The fabric thin band shall stay inside the shoe, in touch with the foot!

Compliance with IEC 61340-5-2

D és Társa Bt. 2600 Vác, Galcsek utca 8-10.
